# Multiple Views – One Singular Perspective

This summer when Jacquie Estee walks out of her Westside office for the last time, she will be leaving a place that has played a pivotal role in most of her life. Few could have predicted when five-year-old Jacquie Adler entered the newly built Hillside Elementary School as a Kindergarten student in 1955 that she would exit from the ABC office as Superintendent Jacquie Estee 57 years later. Jacquie recently shared her very unique perspective of Westside Community Schools that comes from having been a student, a teacher, a principal, a central office administrator, and the Superintendent.

“For me, school was always about the students,” Estee said. She went on to explain. “When I was a student, I knew that what happened in our schools was about the students. Then, as a teacher, a principal, a central office administrator and the Superintendent, it was still always about the students.” Estee acknowledges that this razor sharp focus on serving the unique needs of every student has always driven—and continues to drive—the “What If” thinking that leads to outstanding programming and earns Westside its reputation for innovation and excellence.

Estee spoke enthusiastically about her career passion for building organizational capacity. She said, “My commitment to the District has always had its roots in the people who live and work here. In Westside, everyone can contribute to the success of students; everyone can make a difference. High achieving, caring, involved students become high achieving, caring, involved parents, teachers, and administrators who are open to innovation and excellence and want to be part of building a strong future from the many unique programs and characteristics that make us who we are.” She believes that over the

years Westside’s capacity to change and evolve has been instrumental to its success.

Estee experienced the power of the WE in Westside as a student, but she lived it as an adult. She acknowledges that the many exceptional achievements that have occurred during her time at Westside were the direct result of forty years of collaboration and teamwork. She said, “The many groups I was fortunate to be a part of and the many district leaders who mentored me on the path to leadership had a profound impact on me personally and an even more profound impact on the District programs we created to meet the needs of the students we served.” She went on to say, “My professional career has always been about the people with whom I worked.” It’s little wonder that when Estee became Superintendent, she branded the community as “the WE in Westside” and built a culture of strength, purpose, and vision around that idea.

It is “the WE in Westside” that makes the changes that will come with retirement easier to consider. Estee says that she leaves knowing now more than ever that the “community” in Westside Community Schools is the strength of the District. She is thankful to have been part of so many people coming together to meet the needs of the thousands of students who have passed through the doors of the Westside schools during her educational career. At the same time, she is excited to see how that community will rise to the challenges she knows will present themselves in the future. As Estee says, “Opportunity is constantly knocking; and Westside always answers.”

# President's Corner

Dear Fellow Alumni,

I have the distinct privilege of serving as your Westside Alumni Association Board President, a Board I have served on since 2007. First, I would like to thank Kristin Lynch ('89) for her past service as President of the Alumni Association. I would also like to thank Tom Rice ('77) for his past Board service, as Tom has decided to "retire" in order to focus on his family and his business. Tom made many contributions to the Board over the years including his final act of recommending his niece, Jennifer Williams ('02), to the Board. We always have room for new board members, so please call the Alumni office or me if you're interested. I want to welcome both Jane Huston Smith ('72) and Cyndi Ulrich Smith ('87) as our newest board members. Debbie Moss-McGrew ('88) has graciously agreed to serve as Vice-President, Martha Williams Nielsen ('82) is our Secretary, and March Lowe ('76) continues as our Treasurer.

I'm a ('82) grad and the proud father of two future graduates, Katelyn ('13) and Erik ('15). In my wildest dreams I never thought my kids would attend Westside Community Schools, but after attending another local school district, our move back to the community was the best decision we ever made. Westside Schools are "best in class" in providing so many opportunities for our kids.

In September, we held our annual alumni tailgate prior to the Omaha North football game. It was great seeing so many familiar faces as well as meeting many new ones. If you've never attended this event, please join us this fall. Rick Berkshire ('72) organized the annual alumni basketball tournament that attracted the largest number of teams ever! It was fun watching our most recent grads running up and down the court, and even more fun watching the old guys laboring.

Many class reunions are being organized, so make sure you check our website to obtain the latest on your reunion and make sure we have your current address, telephone number as well as your email address.

As a result of your generous donations, the Alumni Board donated \$5,350 to the high school to satisfy a teacher's wish list. Maryanne Ricketts and her team purchased a projector for the Physics room, a sewing machine for the Family and Consumer department, a white board for the World Language department and a saxophone for the Band.

I will end by saying thank you and good luck to our superintendent, Jacquie Estee ('68) who has decided to retire after 40 years of service. We appreciate Jacquie's dedication to Westside and for the positive affect she's had on the many lives she has touched.

Oh, and don't forget this year's alumni golf outing that will be held July 16th at The Players Club. Jason Hellman ('90) and his team have done such a great job planning this awesome event. Hope to see you there!

Go Warriors! Remember, we are all the "WE" in Westside!

David Williams ('82)

Westside students, alumni, coaches, parents and administrators participated in the second-annual tennis fundraiser on Saturday, July 30, 2011 at Westside High. The tennis mixer, run by Coach Kim Gradoville and Coach Shaun McMahon, provided the opportunity for many of the district's families and friends to compete in a fun and unique event benefiting the boys and girls tennis teams. Over 50 participants played in the tournament and attended the pre-event games & drills which included a radar gun contest to clock the fastest serve! All proceeds helped fund new warm-ups; a ball machine, nets and other tennis equipment. Students of all ages participated including two former Westside state tennis champions, Nick Amin ('11) & Andrew Mellen ('08). Ed and Debbie Hubbs (parents of '07 Westside graduate, Cami Hubbs: 4x State singles champion) stopped by to cheer on the players.

## Step Team

In the fall of 2008, Justise Dickerson, then a freshman at Westside, wanted to become involved in an extracurricular activity. She didn't feel that cheerleading, dance, or a sports team suited her, but she wanted to be part of a group to increase school spirit. She and four friends, Kiona Smith, Simone Smith, Taylor McCoy, and Ndu Kowa decided to start a step team.

Traditionally, step teams come up with original beats using clapping and stomping with dance rhythms. Step teams started in college fraternities in the South, but recently teams have been cropping up in high schools around the Midwest.

Westside's step team, now in its 4th year, practices weekly and participates in a weekly study hall. Any student can join, but participants are required to maintain a minimum GPA and attend practices. Kim De La Cruz, an English teacher, is the group's sponsor. She knows that it's the team's hard work and dedication that has led them to be one of the best teams in the area. They placed first at Sigma Gamma Rho Youth STEP Explosion last fall, and have been asked to perform at various activities around the city. The group is thriving thanks to the senior leadership and De La Cruz. The step team has become a tight-knit family for the five girls. They have grown from 5 to 15 members and De La Cruz believes they will continue to thrive after the seniors graduate.

The Westside Alumni Board made a donation so the team could have matching shoes. The team, also sold T-shirts to staff and student body raising an extra \$300 to purchase matching pants.

The founding members are preparing the future generations by teaching the required steps and chants, but also teaching the underclassmen about the time and dedication it takes to be successful.

# Roger Groth is Retiring After 37 Years of Service

After 37 years of inspiring Westside Community School students (and their parents), Roger Groth will be retiring. At the beginning of this year, Roger announced it would be his last. Roger has been associated with the Westside Community Schools since 1958, when he moved into the District with his parents and started attending Oakdale School. The only period since then that has not involved Westside was his four years in undergraduate school and the following two years of teaching vocal music elsewhere. He landed a job at Westside in 1966 and has been here ever since.

I had the opportunity to talk with Roger about his time at Westside. Roger had this to share:

“ I thank all the parents for allowing me the honor to teach their students, to entrust them to me and I'm grateful to the District for allowing me to pursue my passion. I feel I have been paid back by having the honor to teach all of the fine students, who include some of the best people I have ever met. It is finally time for me to graduate from Westside high School, to find new adventures and to spend more time with my wife and family. I have felt it has never been a job, its always been a passion, something that I deeply believed in. I began teaching music due to my love of music and what it gave to me, how it helped me grow, and have continued teaching for so long because of the students and what they meant to me. ”

Mr. Groth has had a profound effect on Westside students for almost four decades. Over the

years, his Concert Jazz Band (CJB) has become one of the most prestigious in the United States, with “1” ratings at every festival it has appeared. Roger has served as Director of Bands at the high school since 1981. His many personal achievements and awards are too numerous to list, but the following “short” list gives alumni an idea of his universal success:

- **Outstanding Jazz Educator** (National Band Association)
- **Outstanding Jazz Educator** (International Association of Jazz Education)
- **Music Teacher of the Year** (Omaha Arts Society & the Omaha Chamber of Commerce).
- **Nebraska Teacher of the Year** Finalist Twice
- **Nebraska Excellence in Teaching** (Awarded by the Governor of Nebraska)
- **Nebraska's Milken Educator Award** (Milken Foundation)
- **District 66 Excellence in Teaching Award** (Phillip & Terri Schrage)
- **The Donald Lentz Outstanding Bandmaster Award for Lifelong Career Achievement** (Nebraska State Bandmasters Association).

As a student, Roger was a John Phillip Sousa recipient, and he has been rewarded year after year to see so many of his students have now received this prestigious, nationally recognized award as well. Roger, thank you for touching so many students' lives, for devoting your time and talents to Westside and for all the wonderful memories!

— Rob Laughlin, '75

## Golf Correction

Bob Saffer class of 1961 was the first Westside Warrior to garner the individual State Golf Championship. Bob won the title as a sophomore during the spring of 1959. The starters in the tournament that year were: Ron Saffer, '59, Steve Spaulding, '59 and Robert “Howie” Clark '60.

Bob shot a 71 to win the individual title. The Warriors won the team championship by 11 strokes. The tournament was held in Beatrice amid snow flurries. Jim Tangdall was their coach.

This honor was incorrectly attributed to another Warrior in the Fall 2011 W. We want to take this opportunity to set the record straight and recognize Bob as well as the 1959 golf team for being the first to deliver these victories to Westside High School.

## ALUMNI Basketball Tournament Sets Five All Time Records

The Record setting 18th annual Alumni Basketball Tournament was held on Saturday Nov. 26, 2011, at Westside High School. A record 62 players made up the record 9 teams that participated in the round robin tournament, and they came from the classes of 2011 all the way back to 1972.

The tournament featured a relatively young lineup, with players from the last 10 years making up the majority of the teams. Once again, the most recent graduating year, 2011, fielded a team, marking the 3rd year in a row that this occurred, again a record.

The teams from Class of '98 - led by Adam Korkow, Sean McGill, Rob Holmes, and the Swanson brothers (Dan & Jeff) & the team from Class of '03 (Aaron Brandon, Alec Young (the initial Hall Scholarship winner) Ross Sinclair, Frank Smagacz, and the Smith brothers (Al & Chase) played very consistently (for old guys), losing only two games apiece. However, '03 lost to '98 in a close battle, so '98 won the tie break for Second place and the right to play defending champ Class of '04 in the Finals, led by Joe Roth, Connor O'Neill, Justin Loehr, Denny Johnston (the second Hall Scholarship winner), Ty Jansen, Andy West, Nick Suarez, Joe Finnocchio. '04 qualified for the Finals by losing only one game, the game against Class

of '10, led by Hall Scholarship winner Jimmy Kerrigan, Chris Johnson, Garret Gustafson, Alex Meissner, and Mitch Cap.

Although it is always a great time for former Warrior basketball players to socialize, the event is also a fundraiser, with the proceeds helping to fund the annual Tom Hall Scholarship, which provides \$1000 in a college scholarship to the Westside Senior basketball player who best exemplifies the academic and athletic work ethic of former Coach Tom Hall. In 2011, the recipients were Nate Skold and Ben Wilkinson. Ben participated in the tournament this year, and was one of 6 former Hall scholarship winners participating, another Tournament Record. In addition to the above 3 winners, Jason Hartman '05, Sam Moser (current assistant Basketball Coach at Westside) '07, and Grant Fletcher '09 also played.

Among the many record broken was the money raised toward the Hall Scholarship. This year \$710 was raised, making the tournament a huge success, as well as a lot of fun. One record that was not shattered was the number of Halls who played, of the 6 children of Tom Hall, only Steve '95 was available.

Ultimately '98 and '04 met in the championship game. The Class of 04, held a distinct advantage over the older Class of '98 players who were exhausted from the previous 8 games, and quickly pulled ahead and put the '98 team down by a score of 15 to [not very much].

Following the tournament, all participants enjoyed Little Ceasars' Pizza, donated again by Curt Huston, '81 who is a former participant in the tournament and a long time supporter of the tournament with his generous contributions.

Please mark your calendars for the next tournament, which will be held Saturday Nov 24, 2012, beginning at 2:00 pm, at the WHS gym. Players, gym rats who did not play ball in high school, and female players are all welcome. Spectators are welcome, and we are seeing more and more cheerleaders attend. The entry fee is \$10, and any additional donations toward the scholarship are welcome.

Contact Rick Berkshire at [rberkshire@berkshire-law.com](mailto:rberkshire@berkshire-law.com) for further information.

## TEAMMATES™ MENTORING PROGRAM

Our young people have a lot on their minds these days-their hopes, their dreams, and how they want to make the world a better place. The TeamMates Mentoring Program pairs adult volunteer with students to help them achieve.

The TeamMates Mentoring program was started by Tom and Nancy Osborne in 1991 to provide an additional support to students. TeamMates is a one-to-one school based mentoring program. Teammates Mentors meet with their mentees one hour weekly during school hours and commit to a minimum of a year. TeamMates is actively recruiting mentors for schools in the Westside School District and we need your help to inspire students to dream and to create a vision for their life. By becoming a TeamMate mentor, Westside Alumni can be an example of why it is important to give back to our schools and charities.

It is a great time to sign up to mentor a young person in our community. For more information and an application, visit the TeamMates Mentoring Program website at [teammates.org](http://teammates.org).

Make a difference. Become a mentor.

### REMEMBERING AND MEMORIAL GUIDELINES

While the Alumni Association tries its best to keep our records current, unfortunately sometimes our listing of classmates who have passed away is incomplete or not current. We feel that being able to post this news on our website and within our newsletters allows our alumni to reach out to each other, so information you have regarding deceased Warriors is greatly appreciated. It is the policy of District 66 and the Alumni Association, not to publish any name without verification from reputable sources, such as family members or obituaries from newspapers/publications. Charitable gifts can be made to the Alumni Association in memory of a deceased classmate or teacher who was cherished. For information about this, you may leave a voicemail message at 402.390.2183 or email at alumni@westside66.org.
